

Debit Card Tips for Any Time, Any Place

From your daily routine to vacation, holiday or business travel and from everyday to extraordinary purchases, here are a few tips to help make using your debit card easy and convenient. Travel or other heightened activity can sometimes mean challenges using debit and credit cards because of fraud prevention blocks. These are tools used by financial institutions to help protect customers and the bank from fraudsters.

These tips to help make sure your card use is not impacted and still protected by the tools.

- ✓ *You are always encouraged to select 'credit' when using your Debit Card. However, if you have trouble with a 'credit' transaction, try selecting 'Debit' instead and use your PIN. Most potential fraud blocks are not impacted by PIN transactions.*
- ✓ *Remember it is always wise to have an alternative form of payment with you, just in case, especially when traveling.*
- ✓ *When traveling, remember to notify First National before you go – our fraud tools sometimes block out-of-area transactions. Refer to First National's [Block List](#) for card blocks locally, nationally and internationally.*
- ✓ *Manage your Debit Card in Online Banking and Mobile... Suspend Card Activity (Mobile Only), Activate New Cards, Report Lost or Stolen Cards.*
